The Coronavirus (COVID-19) is an infectious disease that is spread primarily through contact with an infected person. State and local governments are urging residents to practice **social distancing** as a means to slow the spread of the virus and lessen the burden on hospitals. Social distancing includes:

- Working from home instead of at the office
- Closing schools or switching to online classes
- Visiting friends and family by electronic devices instead of in person
- Cancelling or postponing large meetings, such as weddings and funerals
- Limiting the amount of time spent outside
- Remaining 6 feet apart from someone outside of your immediate household
